

# the PlayBox™

wall-box for the Sonos® Play:1™

\*Play:1™ sold separately

models available  
for commercial  
and residential

The PlayBox by thenos is a custom in-wall enclosure made specifically for the Sonos Play:1. Take your Play:1 from tabletop to recessed and hide all cords and cables. The PlayBox allows you to create beautiful and rich Smart Whole Home Audio, Multi-Zone Commercial Sound Systems or simply use the PlayBox to recess the rear channels to your Sonos surround sound.
